LOUISA, LAWRENCE COUNTY, KENTUCKY, AUGUST 27, 1920.

HON. R. T. BURNS PASSES AWAY IN HIS 87TH YEAR

LOUISA'S OLDEST CITIZEN, AND
ONE OF EASTERN KENTUCKY'S
MOST NOTED MEN GONE
TO HIS REWARD.

On last Sunday night at 11 o'clock Honorable Rowland Tiernan Burns, eminent lawyer, prominent churchman, leading citizen, patriarch of our little city, laid aside the burdens of a long life. The weight of more than four-score years had, for many months caused his fragile form to totter as he passed in and out amongst us. The transition came after an illness of two weeks, following a trip to a Sunday school convention at Kavanagh. His feeble condition was not equal to the exertion put forth on that trip and he was confined to his bed from that time until death claimed his emaciated body.

On last Sunday it became evident to the family that Mr. Burns could last only a few hours. Absent members of the family were notified of his condition and they started at once for Louisa. Several other relatives also came. Mrs. C. H. Williamson, daughter of Mr. Burns, arrived from Arkansas on Tuesday evening and Rev. Williamson reached here from Asheville, N. C. on a later train the same day.

Mr. and Mrs. L. S. Johnson and sons, and daughter, Mrs. Mason Payne, were here when the end came.

The funeral was held Wednesday afternoon from the residence, in the presence of a large gathering of people. A number of friends and relatives from various points all the way from Ashland to Pikeville were present.

Many handsome floral pieces were sent by friends, and one especially attractive offering was from the Sunday school of the M. E. Church South.

The service opened with an eloquent and appropriate prayer by Rev. C. A. Powers of Prestonsburg.

Then followed a most fitting sermon by Rev. J. D. Bell, beloved pastor of Mr. Burns. He included a beautiful eulogy on the life of the sainted man. In part he said:

"At a time like this two different yet inseparable conditions confront every true believer, the one the minor prelude to the resurrection emphasized by our Lord during Passion week, the other the triumphant song of victory as He who became submissive to death burst asunder the bars of his prison house and led captivity captive.

It does not take long for any of us to realize that if for us there is a resurrection so for every one there is a sepulcher—and garden. Early in years we come to realize this truth that earthly life is not unending. The child whose young feet have trodden upon the blossoms of a dozen springs realizes that by and by the end will come, although the facts cast no shadow upon his young life and no apparition appears to him in his dreams. But when mature years arrive, as they surely will, with their fuller understanding, we then see for the first time something in the garden which we discover to be a sepulcher. We do not walk there for every one there is a sepulcher—and garden. And while this fact remains there are two ways of looking at it. If a sepulcher is in every garden, so a garden surrounds every sepulcher. The trouble with most of us is, that we too often see the sepulcher with its tragic possibilities instead of the garden with its perennial blossoms.

It is also a fact that much of the shadow of life lies across the path of civilization. In our fuller refinement, we get more imagination, while we reject the evidence of divinely planted intuitions and demand what we consider indubitable evidence, the outcome of logical processes or sensual demonstrations. So it is, that matured civilization develops suicide born of despair or it takes on the form of atheism whose specter points with skeleton finger to something white among the trees. Yes, there is a sepulcher there let us not forget it, for every one of us; but let us not forget too that if we live rightly there is a garden surrounding it, and we shall not see the sepulcher, for it will be covered by flowers. Such was the life of our departed brother."

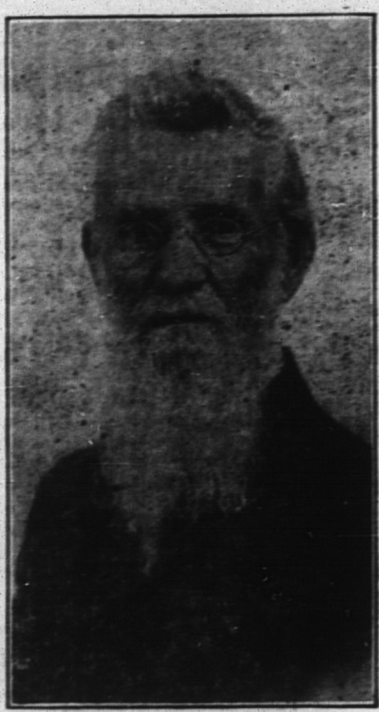

At the conclusion of Rev. Bell's sermon, the Rev. Dr. C. H. Williamson, of Memphis, Tenn., son-in-law of Mr. Burns, paid one of the most striking and touching tributes that could be uttered. He recounted in a most impressive way the remarkably devout christian life of Mr. Burns, the beautiful home life, the wonderful influence wielded in the real development of the Big Sandy valley—the development of its manhood, of its religion and its morals.

The people who heard these masterful addresses were visibly impressed and many expressions have been heard about them since.

The services were interspersed with some of Mr. Burns' favorite old hymns, beautifully sung by a choir of good voices.

A long line of automobiles followed the hearse to Pine Hill cemetery, where the resting place for the weary body was ready, banked with beautiful flowers placed there by loving hands. With the concluding ceremony the remains were gently placed alongside those of his beloved wife, who preceded him nearly four years ago.

Mr. Burns was in his 87th year. Although never robust in body, he had been active in all affairs of life until

ROWLAND T. BURNS.

two or three years ago. Since that, he had been able to be on the streets almost every day, except for short periods of illness. He never missed attending a preaching service at his church when able to go. He was a faithful friend to every pastor, supporting and encouraging them at all times.

Mr. Burns ranked as one of the very ablest lawyers in Eastern Kentucky. He practiced in all the counties of the Big Sandy valley for forty years or more. In addition to his knowledge and judgment of the law he was an orator of more than ordinary talent and accomplishment.

For 40 years he was Superintendent of the Sunday school of the M. E. Church South at Louisa, and it was under his administration that the school attained the reputation of being the best in the Western Virginia Conference, a distinction held for many years. He was the first president of the Lawrence County Sunday School Association and was the greatest factor in building up this organization to a successful and permanent point. It is a coincidence that the annual Sunday School Convention for Lawrence county met in Louisa on the day of his funeral.

At the time of his death he was Superintendent emeritus of the Louisa Sunday School, and one of six honorary life members of the Kentucky Sunday School Association. His reputation as a Sunday School leader extended throughout the two States of Kentucky and West Virginia.

Mr. Burns joined the M. E. Church South in early life and was a most loyal and exemplary member to the hour of his death. He had served in all the official positions, proving faithful and efficient in every instance. He will be greatly missed by his church.

It would be impossible to measure the extent of his influence for good in this community and in the Big Sandy valley. It will go on forever. Neither can we calculate the loss sustained by reason of his passing from earth.

He was gentle, genial, bright and happy. A kind word was on his lips at all times.

Mr. Burns' literary attainments were remarkable for a man whose educational advantages were limited. He was largely self educated, but in grammar and diction and style he was the equal of any. His reading included the best literature, both poetry and prose, and much of it was stored in his wonderful memory and called forth to serve him well in his oratorical flights. He was ready for an address upon any occasion and always acquitted himself most creditably.

The surviving children are Mrs. C. H. Williamson, Mrs. L. S. Johnson, Mrs. Mary B. Horton and John G. Burns. A son and daughter, Alex. and Mrs. H. W. Ferguson, died many years ago.

The pall bearers were F. L. Stewart, M. F. Conley, R. L. Vinson, J. R. Vinson, A. M. Hughes, A. O. Carter.

Honorary pall bearers, Judge John F. Hager, Dr. L. E. York, Col. Jay H. Northrup, Hon. G. W. Castle, Mr. Tip Moore, Judge J. H. Thompson.

Friends and relatives from out of town who were present are: Judge Jno. F. Hager, Ashland, Ky.; Mrs. Chas. Freeman, Ashland, Ky.; Mrs. G. A. A Tribute From Judge Hager.

As a concluding chapter to this article we are glad of the opportunity to use the following eulogy and history, written by Judge John F. Hager, of Ashland:

No man has lived or died in the Big Sandy Valley of whom all could speak more appreciatively than Mr. Burns.

As a life long christian it may truthfully be said of him that he fought the good fight of faith and established his hold on eternal life. In laying down the weary burden of earthly existence he well could say—"Henceforth there is laid up for me a crown of righteousness" and all the blessings promised by the Lord, our righteous Judge, to those who rest from their labors, their good works following them.

Rowland T. Burns was born on Bear creek, then in Lawrence county, Kentucky, March 15, 1834; hence was 86 years, 5 months and 6 days old at death. He was younger brother of two most distinguished jurists of Kentucky—William Harvey Burns and John M. Burns. The full equal of his distinguished brothers in ripe knowledge of the law and powers of eloquence as an advocate, he entered the practice of his profession at Pikeville in 1857, and continued in leading practice there until removing to Louisa about 59 years ago—continuing in active and successful practice there and in the courts of the Big Sandy country until within the past year or two. Unsullied in reputation; true and faithful in all relations of life; urbane and courteous in association with fellow members of the Bar; of unbending loyalty to the cause of client; having the confidence of courts and juries, his entire professional career shows forth a type of his surviving professional brethren. Of exemplary conduct; tender and most devoted in the relation of husband and father; endeared and endearing in association with his professional brethren, he will be enshrined in the affectionate memory of all whose good fortune it is to have known this splendid man in deeds of gentle courtesy, acts of faithful friendship and in character built upon foundations of rectitude and clear honor. Old and grey headed, like Samuel of old, he lived before his people from early manhood to ripest age and no witness can be summoned before the Lord or his anointed to say that flaw or fault can be found in the righteousness of his life and its consecration in discharge of all duties whether as citizen, to family, profession, to church or Sunday School. This truly great and good man kept to his latest days the simple heart of a child. His good works continued throughout the lengthening shadows of a well spent life, wrought out in the consciousness that he was sustained by the respect and admiration of his fellows. As kindly neighbor, church member and teacher of the unsearchable riches of the gospel in Sunday School, he gave light, helpfulness and good cheer to all—attended always, by those things which should accompany old age—honor, love and troops of friends and so, in the goodly city of his adoption—

"He gave his honors to the world again his blessed part to Heaven and slept in peace," surrendering his pure soul to Christ, his captain, under whose white banner he long and valiantly fought, going to his grave in a full age like as a shock of corn that cometh in his season."

To say that "Uncle Roll" was first among the lawyers of the Sandy Valley is to proclaim that which all men know. That he tarried so late blessing young and old by the example of a pure and upright life, proves that "As evening twilight fades away The sky is filled with stars unseen by day" and that life's latest sands are its sands of gold.

He wrought righteously in the affairs of church and community—a leader in all good work—and earned true and permanent fame in labors promoting the happiness and well being of his kind. The beneficence of his labors will abide as an indestructible force because based on principles of true virtue of which it has been truly said—

"Virtue alone out-builds the pyramids; Her monuments shall last when 'Egypt's fall'."

If permissible to invade the sacred precincts of the sorrowing home by publicly speaking of its hallowed memory, that speech would linger in devotion of Mr. Burns to his beloved wife who, in brighter clime, has bidden him welcome to the glories of a heaven made more radiant in reunited companionship with wife and children gone before. To that daughter whose devotion to father and mother and whose loving care of them has been such as not to allow even the winds of Heaven to visit them too roughly, may there be the thousand fold reward promised those who have obeyed the Divine injunction to honor father and mother.

AFTER 30 YEARS ABSENCE.

Mrs. Cora Drennan Wilson and daughter, Maude, were here to attend the funeral of Mr. R. T. Burns. Mrs. Wilson lived in Louisa when a girl and has not been here since the family moved away about thirty years ago. She now lives in Portsmouth, Ohio. She returned home Wednesday evening and her daughter went to Catlettsburg to spend the week-end.

Mrs. Wilson has one son at home and another in Colorado. He is a steel expert for a British company.

LOCKWOOD FARM PURCHASED BY E. E. SHANNON

\$80,000.00 PAID FOR THE BEST
FARM IN THE BIG SANDY
VALLEY.

Hon. E. E. Shannon, of Louisa, has bought the famous John Lockwood farm at Lockwood station, eight miles from Catlettsburg on the Big Sandy river. Eighty thousand dollars is the amount to be paid for the farm and all equipment, live stock, hay, supplies, etc.

Possession is to be given October 1st. Mr. Shannon is seriously considering moving to the farm. It has a modern brick residence of ten rooms, finely finished, equipped with hot water heating system, bath, gas, and everything desirable for making a comfortable home.

The farm contains 1000 acres, including a large acreage of river bottom which overflows almost every year and produces more corn per acre than any farm in the valley. After the death of Frank, only son of John Lockwood, the farm was sold by Mrs. Lockwood to a niece, Mrs. Lucy Powell.

More Kentucky Coal Mines May Be Bought By the Ford Interests

Knoxville, Tenn., Aug. 16.—Henry Ford may buy more coal mines in the Kentucky district. According to reports received here he has offered \$2,000,000 for the Creech coal company's operations on Wallin creek in Harlan-co. These mines are near the Banner Fork operations recently purchased by the Ford interests for \$1,500,000.

It is said that the Fords are planning to make their own iron and steel and that these big coal mines are needed to furnish coal with which to run the five tremendous blast furnaces which are proposed and one of which already has been constructed. Many more millions of the auto manufacturer's money may be expended in the Kentucky regions to get coal for the other interests and the various factories controlled by the Detroit manufacturer.

The Banner Fork operation is said to produce only 20 per cent of the coal required for the industries of Ford, and it is said that in addition to the Creech coal company's mines that the Adjax mine in the Hazard field is desired.

Practically all of the Harlan county mines are said to be under option of big utilities, power and by-product corporations.

According to well founded rumors \$20,000,000 will be spent by Pittsburgh capitalists in Kentucky for the construction of a concrete railroad bridge, building of a model mining town and development of rich coal deposits.

The seat of this new venture is understood to be in Eastern Kentucky near the West Virginia border, in Pike county, on the C. & O. railroad. The railroad is soon to extend its lines over the bridge to be built across the river near Pikeville. This second development is reported to be contemplated by the Pittsburgh Steel company. Another corporation has spent over \$14,000,000 in the last two and a half years and its work is far from complete. This company plans to build 2,500 houses and has only 900 of this number finished.

Salary of School Teachers For This Year

The report has been circulated that the rural teachers will receive the old salary of \$45 per month. I wish to say to all concerned that a teacher with a second grade certificate will receive not less than \$65 per month, and a teacher with a first class not less than \$70 per month. Also attendance and experience will help.

DOCK JORDAN, Supt.

FIRST VISIT IN 40 YEARS.

Mrs. Neiswender, of Paola, Kansas, and daughter, Mrs. Delta Brendall, of McKeesport, Pa., came to Louisa last week to spend a few days.

Mrs. Neiswender was Miss Mary Jane Moore, daughter of Jas. Moore, surveyor, known as "Happy Jim" Moore of this county. She left here forty years ago, going with her brother, John, to Kansas City. This is her first visit to Kentucky since leaving. She has been visiting her daughter who is accompanying her home.

On Monday they drove to the country for a visit to Mrs. Neiswender's brother, Orson Moore, of Rich Creek. After their return from there they will be guests of Mrs. Lida Lackey with whom Mrs. Neiswender made her home a few years before going to Kansas City, coming to Louisa when twelve years of age.

They expect to visit in Denver and other points after which they will join Mr. Neiswender and son at their home in Paola. They are relatives of Mrs. M. G. Berry and T. S. Thompson, of this place.

PARAMOUNT PLAYERS COMING

Russell Brothers, Paramount Players, will be in Louisa all next week beginning Monday evening, under their canvas tent theatre. These players come highly recommended, and theatergoers will doubtless enjoy their coming. See their announcement on page eight.

DYNAMITE EXPLOSION AT BORDERLAND

A case of dynamite touched off against the power house of Mine No. 2 of the Borderland Coal Corporation at Borderland, Mingo-co., demolished a brick wall, wrecked the switchboard, blew up the pump house and part of the boiler room wall, at 2:40 o'clock Sunday morning. Bloodhounds trailed the dynamiters, said to have been three men, to Chattanooga, but there lost the scent. Authorities say they have clues connecting the dynamiting with the mine unionist activities in the Norfolk & Western coal fields.

Damage to the Borderland power house is placed at \$5,000.

A motive for the dynamiting is seen by the authorities in the fact that the Borderland properties had been operating continuously despite the strike.

MAYO TRAIL LOCATION.

Several citizens went to Frankfort Monday to resist an effort to change the location of Mayo Trail from the East Fork to the river route between Ashland and Louisa. The board announced the matter closed, the route having been approved at Frankfort and Washington.

THE STREET PAVING.

Slag is now being spread on Main Cross street between Main and Madison. After being thoroughly rolled it will receive the rock asphalt, which is now on the way to Louisa.

The changing and tapping of water and gas lines and the sanitary sewer is delaying the work of excavation somewhat. The curb and gutter work is going along very well.

HOUSE PARTY.

In honor of her visitor, Miss Catherine Carey of Lexington, Miss Anna Mary Miller is entertaining a house party. The invited guests are Misses Mabel Crumley, Opal Walters, Jessie Carter, Marie Bell, Mary Wallace, of Louisa, and Emily Cornelia Turner of Winchester.

On Thursday evening from 7 to 10 o'clock she gave a party which included quite a number of other girls and boys.

LATEST OIL NEWS

The Blaine oil field runs in the pipe line were 2224 barrels last week.

Well No. 1 on James Skaggs farm will drill in this week. This is nearly a mile west of the Keaton Fork wells and will be an important test.

The casing has just been set in Sanford Lyons No. 2.

A rig is setting up on Mrs. Proctor Sparks' farm.

Brack Holbrook No. 3 is drilling in this week.

The Cumberland Pipe Line company is laying a six inch oil line from the upper Blaine field to the large pumping station just completed near Blaine town.

The Union has bought eight car loads of pipe at McKeesport, Pa., and is having it loaded on a barge for shipment to Riverton, from where it will be shipped to Webbville. This, with an order just placed at Pittsburgh, makes \$100,000 worth of casing and tubing for the Union company.

East Fork Wells.

It now seems certain that an important oil pool has been found at the Boyd and Lawrence county line on East Fork or Bolts Fork. The Good Losers company No. 1 on J. P. Riffe is a paying well, and No. 2 on the Ross farm is very much better. These wells are in the Berea. The Glenwood Oil company will drill on Sheriff Wm. Taylor's farm soon.

Well at Walbridge.

On Mrs. Maggie Stump's farm at Walbridge 3 miles south of Louisa, the Ken-Pa company has drilled into the Berea sand and a fine showing is the result in the first 3½ feet. The casing has been leaked and that will be corrected before finishing the well. It looks very good and means more development.

MR DOCK JORDAN IS NOW COUNTY SCHOOL SUPT.

On last Saturday County Supt. of Schools J. H. Ekers resigned his office and the County Judge appointed Prof. Dock Jordan to the place. He gave bond and entered at once upon the duties.

Mr. Ekers has held the office more than six years, having been elected the last time without opposition. His administration has given satisfaction. He retires voluntarily to give his time to the merchandising business. Like most other offices in this county, the salary is too small to make them remunerative.

Prof. Jordan comes to the office ripe in school experience and with a deep interest in the welfare of the public schools. We expect to see him handle the work successfully.

Soviet Plan For War on America Reported

London.—America will be wrested by conquest from its present government by Soviet Russia in its plan to place the entire world under Bolshevik power. Like the plot of the German war lords prior to 1914, it is the ultimate hope of the military powers of the Bolsheviks to cross the Atlantic after France and England have been reduced to provinces. An alliance between Russia and Germany will bring war upon France as soon as the Polish war is concluded. These are the sensational facts in a report made by an observer who has been investigating the political situation in Poland and East Prussia. In supplementing the plans for an alliance between Russia and Germany, the statement is made that as soon as the Polish war is ended a note will be sent to Berlin demanding permission to transport troops across Germany to wage war on France. Upon refusal of this request a revolution will be instituted in Germany, the success of which, it is stated, will be assured by force of arms.

ANOTHER NURSE

PRAISES TANLAC

SIXTEEN YEARS OF STOMACH TROUBLE OVERCOME AND SHE GAINS 20 POUNDS.

Mrs. Alice Minnick, who has been a professional nurse for thirty-six years and resides at 1815 Twenty-third Ave., Seattle, Wash., adds her voice to the hundreds of others in this profession who have already endorsed Tanlac.

"Since I began taking Tanlac I have not only gained twenty pounds in weight, but for the first time in sixteen years I am free of pain and enjoying good health," stated Mrs. Minnick. "I constantly had cramping, gnawing pains in my stomach all these years, my appetite was extremely poor and the little I did eat caused me great distress. After every meal my food began to ferment and sour almost at once, I would bloat up with gas, and those terrible pains would get so bad I could hardly stand them. I became badly run down, lost weight and strength, and felt so tired and worn out all the time I could hardly get around. I had pains in every part of my body just about all the time, but they were especially bad in the small of my back. I also suffered with severe headaches and dizzy spells and my nerves were so badly upset I could get but little sleep, often lying awake all night long."

"I had heard so much of the good Tanlac was doing others I decided to try it myself, and it proved to be the very thing I needed. I began to improve right away, it was only a few days before my appetite returned and I can now eat anything I want without having a particle of trouble afterwards. Those terrible gnawing pains that had troubled me so many years have entirely disappeared. I never have a headache or become dizzy, and the pains that were throughout my body have all gone. In fact, my whole system has been built up by Tanlac. I have regained my strength so I can do my work as a nurse, which keeps me on my feet for hours, day and night, without a particle of trouble. Several of my patients have taken Tanlac, and it has proven beneficial in every case. After what Tanlac has done for me I can never say enough for it."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds.

ANNOUNCEMENTS

We are authorized to announce CHARLEY EDWARDS as a candidate for the Republican nomination for County Court Clerk of Lawrence Co., at the primary to be held in August, 1921.

Friday, August 27, 1920.

Indiana has kindly furnished Kentucky with another smart man to fill a good job—that of Superintendent of the Reform School near Lexington.

The New York Evening Post, an independent newspaper, has announced that it will support Cox and Roosevelt because of their position on the League of Nations. It is a very influential newspaper.

Gov. Cox is being greeted everywhere with the greatest enthusiasm. There is a punch in every sentence of his speeches and he dodges nothing. That is what the people want. They are not satisfied with a candidate who simply says he is in favor of good weather for the farmers, good health for everybody, plenty of money for all, peace, prosperity, a League of Nations that will fool the voters, and all such camouflage. They want a man who tells the people what he intends to do and how. Cox is the only candidate who goes straight to the mark.

Those who vote against the League of Nations are voting against every effort to prevent war. They are voting to arm every nation to the teeth. They are voting to build enormous navies and big standing armies that may only be maintained by the draft and by compulsory military service. President Wilson, one of the greatest men the world has ever produced, has unselfishly sacrificed his health and

almost his life in a supreme effort to banish war from the earth. His wonderful intellect has been largely instrumental in formulating the best plan that ever got very far toward the accomplishment of this, the most important and humane task ever undertaken in the history of the world. Like Washington and Lincoln in their day, he is just now the target for the poisoned arrows of partisanship and envy, but his name and fame will stand at the top in the history that will be penned in the years to come.

DIES AT WHEEL OF HIS AUTOMOBILE

Va., 58 years of age, died suddenly of heart failure on Friday afternoon while sitting at the wheel of his motor truck in front of a grocery store in Ironton, Ohio. Mr. Tuning had left his home in Huntington earlier in the day in his usual state of health, and had driven to Ironton to transact business.

TO INVESTIGATE LEASE.

Williamson, W. Va.—Mr. J. Walter Copley will leave the end of the week for Paintsville, Ky., to investigate an oil lease of 200 acres which he owns near that city. The property near Mr. Copley's on which a big producer was found, is said to have sold for \$378,000. If the prospect is good Mr. Copley expects to immediately develop the property.

SAYS KENTUCKY WOMEN TO HAVE RIGHT TO VOTE

Frankfort, Ky., Aug. 23.—Upon proclamation of adoption of Federal suffrage amendment women of Kentucky will automatically acquire the same suffrage rights as men without necessity of any additional legislation.

The above message was sent today by Attorney General Charles I. Dawson to Miss Alice Paul, chairman of the National Woman's Party, Washington, in answer to a query.

R. C. McClure
Attorney-at-Law

Louisa, Ky., August 24, 1920.

Mr. Charley Jones,
Louisa, Ky., R. D. 1.
Dear Charley:

Your Uncle Earn was to see me this morning and he insists that he is damaged \$35.00, that he ought to recover, on the evidence of your own witnesses this amount, but says that if I can get \$10.00 now in advance of the filing of a suit, that he will accept this and call it square.

I do not want to see you and your Uncle Earn get into court over so small a matter and it is far cheaper to settle than to resort to law—even if you win you will be the loser, and I think, if I were in your place, that I would compromise the case with him and just pay him this amount and clean up and quit friends, will feel better over it a year or two hence. You are in the York family now and you should all stand together against the balance of the world, will pay you two for one in the long run. You may not look at it this way, but I am older than you and know this is the best solution of the matter. It will cost you \$10.00 to employ an attorney and "attorney fees" are not taxed as cost—will have to pay your attorney even if you win, and will have to attend court and lose two or three days from work. You just think the matter over and see if you do not agree with me that this is best and let me hear from you. I will not do any thing until I hear from you.

With kindest regards, I am,
Very sincerely yours,
R. C. McClure.

The Suits for Autumn

are as Pleasing as Beautiful Materials
and the Finest Tailoring Can Make Them

Tailoring that will bear the most careful scrutiny with infinite attention to detail and finish—every line carefully modeled and sewed in—these are the characteristics women who know clothes look for. With each, however, design is a matter of individuality and taste. Whether the model is to be under the redingote influence—slightly drawn in at the waist, long and straight of line, or finger tip length is for the individual to decide. Suffice to say that variety is most pleasing.

Rich Material and Colorings

Veldine, Silvertone, Yalama cloth, Duvet de Layne, Velour, Tricotine-superior, Duvetyne, Duvet-superior and serge, as the materials for Fall, form a list that could hardly be improved upon for either richness or beauty. The colors include Pine-needle, Nankin, Moonstone, Congo, Moose, Malay, Dryad, Zanabar and Squirrel—soft new shades, suggestive of Autumn, and sure to meet with the full approval of all fashion-wise women. Embroidery, braid and rich furs as trimmings are used in deft new ways, and no one can deny their beauty.

YOUNG OFFICER WITH RUSSIAN BRIDE LANDS

Winchester, Ky.—A telegram received here announced the arrival of Capt. Lindsey Pogue Johns of this city and his bride, a Russian girl, in San Francisco. News of the marriage came as a surprise to the family and friends of the young officer.

ANNOUNCEMENTS

We are authorized to announce CHARLEY EDWARDS as a candidate for the Republican nomination for County Court Clerk of Lawrence-co., at the primary to be held in August, 1921.

Friday, August 27, 1920.

Indiana has kindly furnished Kentucky with another smart man to fill a good job—that of Superintendent of the Reform School near Lexington.

The New York Evening Post, an independent newspaper, has announced that it will support Cox and Roosevelt because of their position on the League of Nations. It is a very influential newspaper.

Gov. Cox is being greeted everywhere with the greatest enthusiasm. There is a punch in every sentence of his speeches and he dodges nothing. That is what the people want. They are not satisfied with a candidate who simply says he is in favor of good weather for the farmers, good health for everybody, plenty of money for all, peace, prosperity, a League of Nations that will fool the voters, and all such camouflage. They want a man who tells the people what he intends to do and how. Cox is the only candidate who goes straight to the mark.

Those who vote against the League of Nations are voting against every effort to prevent war. They are voting to arm every nation to the teeth. They are voting to build enormous navies and big standing armies that may only be maintained by the draft and by compulsory military service. President Wilson, one of the greatest men the world has ever produced, has unselfishly sacrificed his health and

almost his life in a supreme effort to banish war from the earth. His wonderful intellect has been largely instrumental in formulating the best plan that ever got very far toward the accomplishment of this, the most important and humane task ever undertaken in the history of the world. Like Washington and Lincoln in their day, he is just now the target for the poisoned arrows of partisanship and envy, but his name and fame will stand at the top in the history that will be penned in the years to come.

DIES AT WHEEL OF HIS AUTOMOBILE

Jefferson D. Tuning, broker, of Huntington, W. Va., 58 years of age, died suddenly of heart failure on Friday afternoon while sitting at the wheel of his motor truck in front of a grocery store in Ironton, Ohio. Mr. Tuning had left his home in Huntington earlier in the day in his usual state of health, and had driven to Ironton to transact business.

HUNTINGTON MAN CALLED.

T. F. Gentry, who was one of the Virginians who settled in the new town of Huntington in 1871, and who was for forty years a retail grocer in Huntington, died suddenly at 5:45 o'clock Sunday evening at his home. He was 72 years old.

Death came to Mr. Gentry as he sat at the supper table. With him at the time were Mrs. Gentry and her sister, Miss Ellen Wilson. He had said nothing of being ill.

NOTICE

"Are you in favor of making it unlawful for cattle, horses, and mules, to run at large on the public highways and unenclosed lands of Rockcastle Precinct, Lawrence County, Kentucky?"

Witness my signature, this 21st day of August, 1920.

WM. TAYLOR,
Sheriff, Lawrence County, Ky.

TO INVESTIGATE LEASE.

Williamson, W. Va.—Mr. J. Walter Copley will leave the end of the week for Paintsville, Ky., to investigate an oil lease of 200 acres which he owns near that city. Johnson county is rapidly coming to the front in the production of oil, several big producing wells having been drilled in recently, one of them only a short distance from Mr. Copley's lease. The property near Mr. Copley's on which a big producer was found, is said to have sold for \$378,000. If the prospect is good Mr. Copley expects to immediately develop the property.

COURT OF APPEALS DENIES KASH RECOUNT OF VOTES

Frankfort.—The motion of W. L. Kash, Jackson, for recount of votes in the race between him and Sam Hurst, Beattyville, for the Republican nomination for Circuit Judge, was denied by Appellate Judge Gus Thomas. Mr. Hurst received 1,556 votes to his opponent's 1,544. Mr. Kash charged fraud in one precinct in Jackson county. The suit was filed in the Breathitt Circuit Court, where Judge Shackelford also overruled the motion.

SAYS KENTUCKY WOMEN TO HAVE RIGHT TO VOTE

Frankfort, Ky., Aug. 23.—Upon proclamation of adoption of Federal suffrage amendment women of Kentucky will automatically acquire the same suffrage rights as men without necessity of any additional legislation. The above message was sent today by Attorney General Charles I. Dawson to Miss Alice Paul, chairman of the National Woman's Party, Washington, in answer to a query.

IN NEW PARASOLS

Sunshades Made of Calico, Pongee, Cretonne, Glazed Paper.

Brown Color for Umbrellas, but Riot of Bright Hues for the Summer Convenience.

Only painted paper is used in summer parasols. Taffeta and cretonne, always prominent in these, are used probably more than any other materials, although for the country there are sunshades of calico, pongee and even glazed paper painted in gay designs, observes a writer of fashion articles.

Brown is still the fashionable color for umbrellas, but in sunshades

Cretonne Parasol in Bright Rose, Blue, Yellow and Green.

a riot of bright hues. Seen in shops is a bell-shaped, coral-colored taffeta parasol that looks, when open, like a huge flower, as it is composed entirely of picot-edged scallops that give the appearance of petals. It has a slender ivory handle treated in such a way as to indicate age and carved with tiny Egyptian figures.

Another, in the shape of a bell, consists of rows of old blue taffeta—a real French blue. It is bordered with Dresden ribbon in an old tapestry design. The top of this sunshade is rather flat, but the sides curve like a real bell. In order to be in keeping with the new wraps a tiny box-plaited ruffle of moire ribbon goes about the edge. It has a plain wood handle with a pierced amber tip.

One has the top made of white satin brocaded in velvet in shades of brown, red and blue, with narrow ruffles of old blue taffeta around the edge. Halfway up the parasol is a large plaited ruffle of the taffeta caught to each rib in the effect of a sunburst.

All the lovely, old-fashioned checked and flowered taffetas in light colored patterns seen in the dresses for mid-summer are duplicated in parasols. One of checked taffeta—wistaria with white—has four narrow plaited ruffles at the edge and a rosette of the same silk on a light wooden handle.

It is not surprising to see striped awning cloth in country parasols. In fact, it is such a logical material for these that we wonder why nobody appears to have thought of it before. For, after all, an awning is a sunshade on a huge scale. These awning parasols are like the short, heavy, English umbrellas.

PEACOCK TINSEL RIBBON BAG

Decoration Is Embroidered on Plain Background—No Trimming, but Handsome Frame Needed.

There is a peacock tinsel ribbon which is extremely effective for a bag. As the name indicates, the ribbon has a huge peacock, with the tail exaggeratedly spread, embroidered in tinsel on a plain background. A bag made of this needs no trimming, but should be attached to a handsome frame.

If you have any superstition regarding peacocks and wish to use one of these beautiful ribbons for a bag, the one embroidered in sprays of paradise may be substituted. As this design is not so definite, the sprays being placed in a somewhat conventional way, one may have more latitude in designing the bag. The plain silk part may be plaited, gathered, shirred or arranged in almost any form.

There are innumerable things for the boudoir. There are the new Turkish caps of ribbons and lace. A cap of lace wound into a shape reminiscent of Bluebeard's turban has little ornaments of twisted ribbon sticking up in the front.

Then there are ribbon lamp shades and powder boxes covered with ribbon, as well as big, puffy pillows, composed entirely of ribbon petals, that look like huge flowers.

An Elaborate Bag.

Quite an elaborate bag may be made by cutting a panel, either round or square, from one of the ribbons woven with Egyptian figures, and inserting it into the main section of a bag made of plain ribbon. Any of the new frames may be selected for the mounting.

Novelties Made of Ribbons.

Now that ribbons have become so prominent we see an almost endless number of novelties fashioned from them. For several years fingerie and negligee appeared to have almost the exclusive right to ribbons.

HOME CIRCLE COLUMN

Baby Is Going To School.

The baby is going to school; ah me! What will the mother do. With never a call to button or pin. Or tie a little shoe? How can she keep herself busy all day. With the little "hindering thing" away?

Another basket to fill with lunch. Another "good-bye" to say. And the mother stands at the door to see Her baby march away. And turns, with a sigh that is half relief And half a something akin to grief.

She thinks of a possible future morn. When the children, one by one, Will go from their home out into the world To battle with life alone; And not even the baby be left to cheer The desolate home of that future year.

She picks up garments here and there Thrown down in careless haste, And tries to think how it would seem If nothing were displaced. If the house were always as still as this, How would she bear the loneliness?

Many young people who have had no early opportunities and who see no chance for a college course throw away any thought of self-improvement. If they cannot have several years at college they see no use in trying to educate themselves. If they could only realize the immense value of spare moments and what can be accomplished in ten or fifteen minutes each day they would change their minds. Instead of throwing away all the long winter evenings in profitless pleasure spend a few of them in worth while reading and concentrated thought. It is possible to pick up an education in the odds and ends of time which most people throw away. Many of the world's most eminent men acquired their education in scraps of time. If there is a real thirsting for knowledge, you can usually make the opportunity to obtain it. Do not whine about your lack of advantages, but get to work.

"A young man may have many friends," says Sir Thomas Lipton. "But he will find none so steadfast, so constant, so ready to respond to his wants, so capable of pushing him ahead, as a little leather-covered book, with the name of the bank on the cover. Saving is the first great principle of success."

It creates independence, it gives a young man standing, it fills him with vigor, it stimulates him with proper energy, in fact, it brings to him the best part of any success—happiness.

This is a time when the doctrine of thrift cannot be too strongly preached. In every household some member needs to study economy. Sometimes the husband with his tobacco swallows up the careful economy of his wife. Sometimes the wife with her household extravagance destroys the savings of her husband. Someone has estimated, Edward Atkinson, I believe that in the United States the waste from bad cooking alone is over a hundred million dollars a year!

And the young people of the household! For simple luxuries these days they spend an ordinary income. Nickels, dimes and quarters are a nuisance until they are spent. Then the wonder where all their money goes.

The squirrels know that it will not always be summer. They store food for the winter which they know is coming; but scores of human beings do not profit by the examples of these furry little creatures. They store nothing, consume everything as they go along and sickness and old age finds them with no reserve. They have sacrificed their future for the present.

Too many fond parents forget that they were ever young and they expect their children to settle down into the habits of middle age in their teens. They won't do it and the sooner parents find it out the better. The animal spirits of youth must escape naturally or explosively. When the latter is the case it is always the parents' fault. Don't expect the impossible. Your children must learn a few things by experience the same as you did. You can't expect them to take your word for every thing.

HOT, DIZZY FEELING

Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, 28 East Alexander Street, this city, says: "After entering womanhood, I suffered so much with womanly weakness. My back ached. I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable. When the blood would flow to my head—I suppose that was what it was—I would faint and feel so weak. I couldn't do my work. I had a good position, and this was surely annoying as well as embarrassing. I would usually have to go home and go to bed. I certainly suffered greatly. I heard of Cardui, and my mother bought it for me. It was the first and only medicine that ever did me any good for this trouble."

Dizziness, headache, sideache, backache, tired-out feeling and other disagreeable symptoms are often signs of womanly troubles. Thousands of women who formerly suffered from these and similar ailments have found Cardui a very valuable remedy. Cardui is composed only of pure, vegetable ingredients which have long been recognized as of medicinal value in the treatment of many diseases and disorders peculiar to women.

Take Cardui. Your druggist sells it. NO-100

SUMMER LUNCHEONS.

Myrtle Reed says: "Judging by the various books on the subject of luncheon people do not eat at noon unless they have company." This is probably the rule, especially among women in families where the man of the house takes his luncheon downtown. The housewife, even if entirely alone, should have something hot and take it sitting down. People who do not take time to eat and sleep presently are obliged to take time to die. People who, from false notions of economy, live upon improper food, are shortly put to the greater expense of a funeral. It is better to spend money on fruits, vegetables, milk and eggs than upon wreaths and gates ajar. The one who leads the procession, with his friends riding behind him, might better have postponed this particular entertainment for a few years, and in most cases it could be done by taking more time to live while engaged in the business of living.

Luncheon Dish.—Save from breakfast two or three hard-cooked eggs. Prepare small squares of slightly stale bread; butter it lightly before cutting. Make a cupful of white sauce to two eggs and two slices of bread. Prepare the white sauce by melting two table-spoonsful of butter, add two of flour and when well blended add one cupful of milk. Put into a buttered baking dish a layer of the bread and cover with white sauce, then one sliced egg; repeat and finish the top with bread. Bake until the bread is brown. Add seasoning of salt, pepper, onion juice or any preferred seasoning. This dish may be made and served in the hot white sauce without baking.

Sardine Salad.—Drain a can of sardines, sprinkle with lemon juice and alternate with hard-boiled egg quarters on a bed of lettuce. Serve with French dressing.

Cucumber Jelly.—Cut peeled tomatoes and cucumbers into dice, saving the juice. Season with grated onion, salt and pepper. Add gelatin and sufficient hot water, using two cupfuls of salad material to half a package of gelatin. Mold and serve on lettuce, with mayonnaise dressing.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Louisa evidence—doubly proven.

Mrs. Frank Pigg, Water St., Louisa, says: "I suffered for a long time with many distressing symptoms of kidney complaint. The most annoying ailment was a severe pain in my back and a dull bearing down feeling through my loins which at times was almost unbearable. I was weak and languid, constantly tired and had no ambition. My back was in such a bad condition, I couldn't stoop over without severe pain and it was a terrible effort for me to rise. I was restless at night and couldn't sleep. Morning I was just as tired as when I went to bed. I was nervous and suffered from severe dizzy spells. My kidneys acted irregularly, too. I finally took Doan's Kidney Pills which I got at the Louisa Drug Co., and the pains in my back and loins left. The action of my kidneys became normal and the other distressing symptoms were removed."

OVER SIX YEARS LATER, Mrs. Pigg said: "The cure Doan's Kidney Pills made for me is still lasting and I now enjoy the best of health."

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tonic is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tonic is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tonic is personally guaranteed by every druggist. A large bottle costs but a few cents, and it fails to give any relief in every case of liver sluggishness and constipation you have only to ask for your liver back.

Dodson's Liver Tonic is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambles.

Now the whole family can go out on a Summer evening

THE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands.

they're beginning to insist on *knowing what they are getting.*

And the more they insist, the better it will be for us.

But it has done a great deal more than that.

It has brought people closer together, given them new interests, swept away old prejudices.

What affects one man now generally affects a good many of his neighbors in the same way. And they have a better chance to get together and talk things over.

It's had its effect on the tire business.

When automobiles were new people were willing to buy any kind of a tire. Now

We want our customers to know what they are getting.

That's why we represent U. S. Tires—so there will be no doubt about it.

Whatever the size of your car, you know that the U. S. Tire you put on it is the *best kind of tire* its makers know how to make.

U. S. Tires are guaranteed for life, *without any limitation* of mileage.

That ought to mean something to the man who has thought about tires.

Returns From Convention.

Hon. F. Tom Hatcher, who went to San Francisco as one of the Tenth District delegates to the Democratic convention, and who backed Mr. Cox from Alpha to Omega, and who played in his usual luck by seeing his man nominated, reached home last Friday night. Mr. Hatcher, accompanied by his wife and two children, made the round trip in his car, a Marmon, without accident or particular incident, visiting Los Angeles, crossing the Nevada desert and crowning the trip by a good visit to Yellowstone Park.

The sad part of it is that Mr. Hatcher had to go to Ashland to get a start in his auto and that he had to leave it at Ashland on his return. The moral is to get a pike or a good road up the Sandy valley soon as possible, when automobiles will come into this town as thickly as the locusts gathered in Egypt in the time of Pharaoh.

DEPUTY SHERIFF FRANK S. CYRUS SLAIN AT LOGAN

A posse of civilians and officers of Logan-co., scoured the Buffalo creek section looking for a negro named LeRoy, who shot and killed Deputy Sheriff Frank S. Cyrus, of Logan, Saturday night near Stollings, according to a statement by Sheriff Frank Hurst of Logan-co.

Two negroes, Joe White and Oliver McNeely, were taken to the Cabell-co. jail Sunday morning by Logan law officers, who feared mob violence if the prisoners were retained in Logan-co. Both men confessed to being with LeRoy when Cyrus was shot, but they told officers that LeRoy was responsible for Cyrus' murder.

Sheriff Hurst said last night that the

three negroes came down from Buffalo Saturday night shooting revolvers aimlessly. Deputy Sheriff Cyrus, while walking toward Stollings on the railroad tracks, was attracted by the shots and investigated. On his command to halt, given before he drew his revolver, two of the negroes threw up their hands, but the third leveled his arm at Cyrus and fired. The bullet pierced the abdomen and deflected thru the intestines. Cyrus died Sunday morning at 11 o'clock in a Logan hospital.
